ISC WEST

PREMIER SPONSOR: SIA Security Industry Association

CORPORATE SPONSOR: AXIS Communications, Hanwha Vision

CONFERENCE AT-A-GLANCE

SIA EDUCATION at ISC

PLATINUM SPONSOR: AXIS Communications, Ambient.ai

MONDAY | MARCH 23, 2026

	OPEN STANDARDS AND INTEROPERABILITY Casanova 504	WORKPLACE VIOLENCE AND SCHOOL SECURITY / PHYSICAL SECURITY Venetian 101	SECURITY OPERATIONS CENTERS Venetian 303	RISK MANAGEMENT AND PUBLIC SAFETY Venetian 308	AI & DIGITAL TRANSFORMATION / BUSINESS DEVELOPMENT Casanova 506	RSA@ISC Venetian 203	LEADERSHIP AND WORKFORCE DEVELOPMENT Casanova 502
12:00 PM - 1:00 PM	Interoperability Unlocked: The Rise of Public Key Open Credential (PKOC)	Helping Healthcare: Threats, Solutions, and Real-World Lessons	The Evolving Security Operations Center: Weighing the Costs and Timing When Building Your Security Foundation	Securing the Nation: A Briefing with Agents from the Front Line	AI in Live Video Monitoring—ROI Without the Hype	Identity In The Workplace	Beyond the Battlefield: Retaining and Leading Talent in Today's Security Workforce
1:15 PM - 2:15 PM	OSDP Secure Channel Best Practices: Installing and configuring Secure Channel	Enhancing Security Operations with Real-Time OSINT Intelligence	Revolutionizing SOCs:Next-Generation Security Operations, Integrating Digital Twins, LiDAR, and Intelligent Analytics	Beyond the Firewall: Building a Unified Cyber-Physical Security Strategy	Getting to Yes: Building: Support for K-12 Life Safety Solutions	OSDP vs Wiegand on the Wire Tech Talk	Voices from the Field: Unlocking the Expertise of Security Installers & Technicians
2:30 PM - 3:30 PM	How You Should Be Deploying OSDP	Building Communication Systems that Support Safety and Trust	The Autonomous SOC: Can Agentic AI Systems Completely Take Over Alarm Triage?	When the Threat Has an ID Badge: Rethinking Trust and Insider Risk in the Modern Enterprise	AI That Serves Everyone – When Cities, Universities, Tech Companies Collaborate	We Need to Talk: An IT Security Intervention for Physical Security Pros	Diversity Without Divisiveness: The New Allyship

TRAINING / CERTIFICATION

Cybersecurity Maturity Model Certification (CMMC) Workshop Venetian 405	SIA Security Project Management (SPM) Training Seminar *(3 day training)* Venetian 407

Schedule is subject to change. As of March 2, 2026.

TUESDAY | MARCH 24, 2026

	PSA@ISC Venetian 308	DIGITIAL TRUST & IDENTITY / DATA CENTER SECURITY Venetian 101	SECURITY OPERATIONS CENTERS / AI AND DIGITAL TRANSFORMATION Venetian 303	CRITICAL INFRASTRUCTURE AND FACILITIES PROTECTION / OPEN STANDARDS AND INTEROPERABILITY Casanova 504	ACIDM / PERIMETER SECURITY / END-USER / VIDEO SURVIELLANCE Casanova 506	WORKSHOPS Venetian 203	INFRAGARD NATIONAL MEMBERS ALLIANCE @ISC Casanova 502
9:00 AM - 9:50 AM	The View from the Boardroom: What's Ahead for Security Integration	Credential Security 2025: Strategic Insights on Physical and Mobile Access	From the Operator Out: Designing Control Rooms That Reduce Errors and Improve SOC Performance	Insider Threat – An Incident Responder's Case Study	Future-Proofing Access Control: The Path to Post-Quantum Security		
10:00 AM - 11:00 AM	Security Automation for Cyber-Hardened Facilities	Face, Voice, PIN: The New Credential for Physical Access	AI-Powered Investigations: Exploring the Future of Crime-Solving and Security Technology	Security in the Cloud Era: Real-World Insights from Industry Leaders	Supercharge your Investigations	**10:00 AM - 12:00 PM** Intro to Cyber Workshop	**10:00 AM - 11:00 AM** Session I: FBI Cyber Crime Outlook 2026: Threats and Trends Impacting the Private Sector
11:15 AM - 12:15 PM	Recurring Revenue Reboot: Making the Shift from Projects to Programs	Data Center Security: Protecting the Backbone of Global Connectivity	Leveraging Physical Security for Cybersecurity	The Industry Impact of AV1 Adoption	Fortifying the Built Environment: Cybersecurity for Commercial Real Estate Leaders		**11:15 AM - 12:15 PM** Session II: Preventing Targeted Violence: How Digital and Real-World Behaviors Progress from Grievance to Action
12:15 PM - 1:00 PM	**LUNCH BREAK**						
1:00 PM - 2:00 PM	Beyond the Backlog: Forecasting, Staffing & Scaling for Operational Success	The Current State of Data Center Physical Security	AI in Physical Security: What's Working, What's Stalling, and What's Next	Breaking Barriers: Building Collaborative Alliances Through Open Ecosystems	Prevent and Overcome Access Control Problems	**1:30 PM - 3:30 PM** Device Defense 201: Hardening and Framework Strategies Made Simple	**1:00 PM - 2:00 PM** Session III: AI-Powered Cyber Threats: Deepfakes, Voice Cloning and Real-Time Impersonation Attacks
2:15 PM - 3:15 PM	Building a Security Business That Endures Market Shifts	Data Centers are the Next Physical Security Design Frontier	Navigating the "More is More" Era: AI and Privacy in 2026	Convergence of Physical Security and OT Cybersecurity	Beyond the Built Environment: Scaling Physical Security Perimeters Without Compromise		**2:15 PM - 3:15 PM** Session IV: Cyber-Enabled Executive Risk – Protecting High-Profile Personnel in a Digital World
3:30 PM - 4:30 PM	Dual-Thinking Leaders: Mastering Tactical Precision and Strategic Foresight	Drones and Data Centers: Lessons from the Front Lines of Drone Threat Detection	What will Security Operations Centers (SOC) of the Future Look Like?	Active Threat Detection Standard Drives Heighted Efficiency for Monitoring Centers and Aids in Safe Response	Game, Set, Match: Securing the Cincinnati Open with Next-Generation Access Control		**3:30 PM - 4:30 PM** Session V: Biometrics: Fact vs. Fiction in Real-World Security

TRAINING / CERTIFICATION

8:30 PM - 4:30 PM Open Supervised Device Protocol (OSDP) Boot Camp Venetian 405	**8:30 AM - 4:30 PM** SIA Security Project Management (SPM) Training Seminar *(3 day training)* Venetian 407	**8:30 PM - 4:30 PM** Successful Security Consulting Workshop Casanova 507

** Training and certification courses require separate fee.*

RECEPTION

4:30 PM - 5:30 PM
Conference Networking Reception
Venetian 305

**Open to Speakers and Education Badge Holders*

Built by RX In the business of building businesses

Schedule is subject to change. As of March 2, 2026.

WEDNESDAY | MARCH 25, 2026

	RISK MANAGEMENT AND PUBLIC SAFETY / STRATEGIC MANAGEMENT Casanova 504	PHYSICAL SECURITY / UNMANNED SYSTEMS, DRONES AND ROBOTICS / AI AND DIGITAL TRANSFORMATION Casanova 502	ACCESS CONTROL AND IDENTITY MANAGEMENT / PERIMTER SECURITY Venetian 303	CRITICAL INFRASTRUCTURE AND FACILITIES PROTECTION / CONVERGED SECURITY Venetian 308	CYBERSECURITY & IT Casanova 506	CREDENTIALS AND BIOMETRICS / DETECTION AND REPONSE Venetian 203	WORKSHOPS Casanova 507	ISC PRODUCT TRAINING & CASE STUDY SPONSORED SESSIONS The Bridge Stage Booth #25059	CAREER ZONE Exhibit Hall Floor, Booth #1147
8:00 AM - 8:50 AM	Access for all: Building inclusive safety and support systems for people with disabilities	Public Companies Bring Executive Protection into Financial Reporting Spotlight	Stories from the Trenches: The Evolution of Facial Authentication in Access Control and Pitfalls to Avoid	Developing a Comprehensive Security Strategic Plan for the Critical Infrastructure	Designing Secure and Effective ID Credentials: SIA Best Practices	The Compliance Tsunami: Governance, Risk, & Compliance Readiness with Physical Detection & Response	Reactive vs. Proactive Security: Strategies, Examples, and Emerging Tech		
9:00 AM - 10:00 AM	DAY 1 KEYNOTE: THE BATTLEFIELD BEYOND THE FENCE WHAT NATIONAL SECURITY TEACHES US ABOUT VULNERABILITIES, TRUST, AND PROTECTION MAIN STAGE- VENETIAN BALLROOM F								
10:00 AM - 11:00 AM	From False Alarms to Force Multipliers: How Security Companies are Leveraging Technology to Better Support Law Enforcemen	Unlocking Physical AI: 3D Lidar's Role in Modernizing Security Operations	Facility Security and Safety Starts at the Perimeter	Fortifying the Foundation: A Converged Approach to Critical Infrastructure Protection and Resilience	Unlocking the Future of Security: Megatrends Shaping Tomorrow	How Optimizing Credential Management Can Help Create a Frictionless User Experience	**10:00 AM - 12:00 PM** Active Shooter Workshop	**10:30 AM - 11:15 AM** AI & Edge Analytics in Action: Enabling the Next Phase of Intelligent Security Sponsored by Axis Communications Inc	
11:15 AM - 12:15 PM	How to Prove you Prevented Something that Didn't Happen	Democratizing Air Support: How Drones and Public-Private Partnerships Are Redefining Security	National Industry Leaders Examine the Impact of Emerging Threats on Generational Shift in Traditional Risk Assessments	Latinoamérica en foco: De la especificación a la operación *Presented in Spanish - Translation Available	Zero Trust Architecture at the Edge: Writing the Industry Playbook for Zero Trust in Physical Security	Layered Physical Security: Designing Smarter Detection and Faster Response Across Real-World Environments			
12:15 PM - 1:00 PM	LUNCH BREAK								
1:00 PM - 2:00 PM	Beyond Cameras – Turning Security Infrastructure into Enterprise-Wide Operational Intelligence	Purpose-Built: Unlocking the Real Power of AI in Physical Security	Door Security & Access Control: Managing Risk at Critical Entry Points	Protecting America's Critical Infrastructure: Lessons from Global Threats	Stealth Tactics - Advanced Techniques in Cyber Penetration and Evasio	Beyond the Face: The Future of Biometrics in a Converging Security Landscape	Critical Infrastructure Facility Design		Ready, Set, Apply: Expert Strategies to Power Your Job Search
2:15 PM - 3:15 PM	The Consultant and The Integrator, why a Quality Risk Assessment Is a Necessity	Drones and Airspace Situational Awareness - The Evolving Security Paradigm	Security Whispers, Money Talks: Transforming Access Control from Cost Center to Profit Driver	Effective Security Project Planning in the Utilities and Energy Sector	Cyber Goes Physical: How Cyber Threats Can Disrupt Facilities and Critical Systems	Leveraging Technology Today to Ensure a Safe Ride to the Olympic and Paralympic Games in 2028			Future-Ready Workforce: Trends, Tactics, and Transformation
3:30 PM - 4:30 PM	Aligning Security with Business Priorities: A Roadmap for Practitioners	Gaps in Conventional Protective Intelligence Approaches – Physical Security Risks and How to Mitigate Them	Built to Act: Designing for Autonomous Security Response	One World, One Perimeter: The Convergence of Cyber and Physical Security	Demystifying Cyber for the Physical Security Pro: A Zero-Jargon Session to Secure Your Systems	Deploying Mobile Access: Now It's Time to Discuss the How			

Schedule is subject to change. As of March 2, 2026.
