

Retailers Recovered More From Shoplifting and Employee Theft in 2021

An annual survey on retail theft released recently found that even while shoplifting was down in the last year, the dollar amounts victimized companies were able to recover has increased.

The Jack L. Hayes International 34th Annual Retail Theft Survey reported on over 200,000 shoplifting and dishonest employee apprehensions in 2021 at 25 large retail companies with 22,751 stores and over \$650 billion in retail sales. Participants apprehended...

The Future of Security in Education: Unpacking Access Control

Sponsored By: ACRE

Obtaining access to safe education is a critical part of life and one of humanity's most essential needs. Because the lives of so many individuals depend upon being in school facilities, preserving security and safety in school buildings is of the highest importance to staff, students, and parents. Unfortunately, we often notice that the security desired in these situations is not always ensured. Many security solution providers have advanced their products to face these challenges regarding the concerns plaguing schools today.

Thankfully, there are solutions to help prevent...

ISC West Keynote Series Summary: Learning From Tragedy Saves Lives in The Future

On Nov. 30, 2021, a 15-year-old student brought a handgun to Oxford High school in a suburb of Detroit and shot 11 people—three high school students were killed in the attack. While the loss of life was tragic, Oakland County, Mich. Sheriff Michael Bouchard said response strategies formulated by studying active shooter incidents around the world prevented the situation from escalating into a potentially much larger mass casualty event.

Bouchard headlined ISC West's conference program on Day 2 of the event and...
