MONDAY | MARCH 23, 2026

	OPEN STANDARDS AND INTEROPERABILITY Casanova 504	WORKPLACE VIOLENCE AND SCHOOL SECURITY / PHYSICAL SECURITY Venetian 102	SECURITY OPERATIONS CENTERS Venetian 303	RISK MANAGEMENT AND PUBLIC SAFETY Venetian 308	AI & DIGITAL TRANSFORMATION / BUSINESS DEVELOPMENT Casanova 506	RSA@ISC Venetian 203	LEADERSHIP AND WORKFORCE DEVELOPMENT Casanova 502
12:00 PM - 1:00 PM	Interoperability Unlocked: The Rise of Public Key Open Credential (PKOC)	Helping Healthcare: Threats, Solutions, and Real-World Lessons	The Evolving Security Operations Center: Weighing the Costs and Timing When Building Your Security Foundation	Securing the Nation: A Briefing with Agents from the Front Line	AI in Live Video Monitoring—ROI Without the Hype	Identity In The Workplace	Beyond the Battlefield: Retaining and Leading Talent in Today's Security Workforce
1:15 PM - 2:15 PM	OSDP Secure Channel Best Practices: Installing and configuring Secure Channel	Enhancing Security Operations with Real-Time OSINT Intelligence	Revolutionizing SOCs:Next-Generation Security Operations, Integrating Digital Twins, LiDAR, and Intelligent Analytics	Beyond the Firewall: Building a Unified Cyber-Physical Security Strategy	Getting to Yes: Building: Support for K-12 Life Safety Solutions	OSDP vs Wiegand on the Wire Tech Talk	Voices from the Field: Unlocking the Expertise of Security Installers & Technicians
2:30 PM - 3:30 PM	How You Should Be Deploying OSDP	Building Communication Systems that Support Safety and Trust	The Autonomous SOC: Can Agentic AI Systems Completely Take Over Alarm Triage?	When the Threat Has an ID Badge: Rethinking Trust and Insider Risk in the Modern Enterprise	AI That Serves Everyone – When Cities, Universities, Tech Companies Collaborate	We Need to Talk: An IT Security Intervention for Physical Security Pros	Diversity Without Divisiveness: The New Allyship

TRAINING / CERTIFICATION

Cybersecurity Maturity Model Certification (CMMC) Workshop Venetian 405	SIA Security Project Management (SPM) Training Seminar *(3 day training)* Venetian 407

Schedule is subject to change. As of January 29, 2026.

CONFERENCE AT-A-GLANCE

TUESDAY | MARCH 24, 2026

PREMIER SPONSOR: SIA SECURITY INDUSTRY ASSOCIATION

CORPORATE SPONSOR: AXIS COMMUNICATIONS — Hanwha Vision

SIA EDUCATION at ISC

PLATINUM SPONSOR: AXIS COMMUNICATIONS — Ambient.ai

	PSA@ISC Venetian 308	CREDENTIALS AND BIOMETRICS / DATA CENTER SECURITY Venetian 102	SECURITY OPERATIONS CENTERS / AI AND DIGITAL TRANSFORMATION Venetian 303	CRITICAL INFRASTRUCTURE AND FACILITIES PROTECTION / OPEN STANDARDS AND INTEROPERABILITY Casanova 504	ACIDM / PERIMETER SECURITY / END-USER / VIDEO SURVIELLANCE Casanova 506	WORKSHOPS Venetian 203	INFRAGARD NATIONAL MEMBERS ALLIANCE @ISC Casanova 502
9:00 AM - 9:50 AM	The View from the Boardroom: What's Ahead for Security Integration	Credential Security 2025: Strategic Insights on Physical and Mobile Access	From the Operator Out: Designing Control Rooms That Reduce Errors and Improve SOC Performance	Insider Threat – An Incident Responder's Case Study	Future-Proofing Access Control: The Path to Post-Quantum Security		
10:00 AM - 11:00 AM	Security Automation for Cyber-Hardened Facilities	Face, Voice, PIN: The New Credential for Physical Access	AI-Powered Investigations: Exploring the Future of Crime-Solving and Security Technology	Security in the Cloud Era: Real-World Insights from Industry Leaders	Supercharge your Investigations	10:00 AM - 12:00 PM Intro to Cyber Workshop	10:00 AM - 11:00 AM Session I: FBI Cyber Crime Outlook 2026: Threats and Trends Impacting the Private Sector
11:15 AM - 12:15 PM	Recurring Revenue Reboot: Making the Shift from Projects to Programs	Data Center Security: Protecting the Backbone of Global Connectivity	Leveraging Physical Security for Cybersecurity	The Industry Impact of AV1 Adoption	Fortifying the Built Environment: Cybersecurity for Commercial Real Estate Leaders		11:15 AM - 12:15 PM Session II: Preventing Targeted Violence: How Digital and Real-World Behaviors Progress from Grievance to Action
12:15 PM - 1:00 PM	**LUNCH BREAK**						
1:00 PM - 2:00 PM	Beyond the Backlog: Forecasting, Staffing & Scaling for Operational Success	Designing Secure and Effective ID Credentials: SIA Best Practices	Agentic AI & the Autonomous SOC – Preparing People, Processes, and Policies for 2030	Breaking Barriers: Building Collaborative Alliances Through Open Ecosystems	Prevent and Overcome Access Control Problems		1:00 PM - 2:00 PM AI-Powered Cyber Threats: Deepfakes, Voice Cloning and Real-Time Impersonation Attacks
2:15 PM - 3:15 PM	Building a Security Business That Endures Market Shifts	Data Centers are the Next Physical Security Design Frontier	The Next Generation of Security with Agentic Artificial Intelligence	Convergence of Physical Security and OT Cybersecurity	Beyond the Built Environment: Scaling Physical Security Perimeters Without Compromise	1:30 PM - 3:30 PM Device Defense 201: Hardening and Framework Strategies Made Simple	2:15 PM - 3:15 PM Session VI: Behavioral Indicators of Insider Cyber Risk
3:30 PM - 4:30 PM	Dual-Thinking Leaders: Mastering Tactical Precision and Strategic Foresight	Drones and Data Centers: Lessons from the Front Lines of Drone Threat Detection	What will Security Operations Centers (SOC) of the Future Look Like?	Active Threat Detection Standard Drives Heighted Efficiency for Monitoring Centers and Aids in Safe Response	Game, Set, Match: Securing the Cincinnati Open with Next-Generation Access Control		3:30 PM - 4:30 PM Session V: Biometrics: Fact vs. Fiction in Real-World Security

TRAINING / CERTIFICATION

8:30 PM - 4:30 PM Open Supervised Device Protocol (OSDP) Boot Camp Venetian 405	8:30 AM - 4:30 PM SIA Security Project Management (SPM) Training Seminar *(3 day training)* Venetian 407	8:30 PM - 4:30 PM IAPSC Successful Security Consulting Workshop Casanova 507

Schedule is subject to change. As of January 29, 2026.

* Training and certification courses require separate fee.

CONFERENCE AT-A-GLANCE

WEDNESDAY | MARCH 25, 2026

PREMIER SPONSOR: SIA Security Industry Association

CORPORATE SPONSOR: AXIS COMMUNICATIONS, Hanwha Vision

SIA EDUCATION at ISC

PLATINUM SPONSOR: AXIS COMMUNICATIONS, Ambient.ai

	RISK MANAGEMENT AND PUBLIC SAFETY / STRATEGIC MANAGEMENT — Casanova 504	PHYSICAL SECURITY / UNMANNED SYSTEMS, DRONES AND ROBOTICS / AI AND DIGITAL TRANSFORMATION — Casanova 502	ACCESS CONTROL AND IDENTITY MANAGEMENT / PERIMTER SECURITY — Venetian 303	CRITICAL INFRASTRUCTURE AND FACILITIES PROTECTION / CONVERGED SECURITY — Venetian 308	CYBERSECURITY & IT — Casanova 506	CREDENTIALS AND BIOMETRICS / DETECTION AND REPONSE — Venetian 203	ISC EXHIBITOR PRODUCT TRAINING & CASE STUDY SPONSORED SESSIONS — Venetian 102	CAREER ZONE — Exhibit Hall Floor, Booth #1147
8:00 AM - 8:50 AM	Access for all: Building inclusive safety and support systems for people with disabilities	Public Companies Bring Executive Protection into Financial Reporting Spotlight	Stories from the Trenches: The Evolution of Facial Recognition in Access Control and Pitfalls to Avoid	Developing a Comprehensive Security Strategic Plan for the Critical Infrastructure		The Compliance Tsunami: Governance, Risk, & Compliance Readiness with Physical Detection & Response		
9:00 AM - 10:00 AM	DAY 1 KEYNOTE: WHAT NATIONAL SECURITY TEACHES US ABOUT VULNERABILITIES, TRUST, AND PROTECTION — MAIN STAGE - VENETIAN BALLROOM F							
10:00 AM - 11:00 AM	From False Alarms to Force Multipliers: How Security Companies are Leveraging Technology to Better Support Law Enforcemen	Unlocking Physical AI: 3D Lidar's Role in Modernizing Security Operations	Facility Security and Safety Starts at the Perimeter	Fortifying the Foundation: A Converged Approach to Critical Infrastructure Protection and Resilience	Unlocking the Future of Security: Megatrends Shaping Tomorrow	How Optimizing Credential Management Can Help Create a Frictionless User Experience		
11:15 AM - 12:15 PM	How to Prove you Prevented Something that Didn't Happen	Democratizing Air Support: How Drones and Public-Private Partnerships Are Redefining Security	National Industry Leaders Examine the Impact of Emerging Threats on Generational Shift in Traditional Risk Assessments		Zero Trust Architecture at the Edge: Writing the Industry Playbook for Zero Trust in Physical Security	Layered Physical Security: Designing Smarter Detection and Faster Response Across Real-World Environments		
12:15 PM - 1:00 PM	LUNCH BREAK							
1:00 PM - 2:00 PM	Beyond Cameras – Turning Security Infrastructure into Enterprise-Wide Operational Intelligence	Purpose-Built: Unlocking the Real Power of AI in Physical Security	Door Security & Access Control: Managing Risk at Critical Entry Points	Protecting America's Critical Infrastructure: Lessons from Global Threats	Stealth Tactics - Advanced Techniques in Cyber Penetration and Evasio	Beyond the Face: The Future of Biometrics in a Converging Security Landscape	**1:00 PM - 1:45 PM** Sponsored Session Presented By: NAPCO	Ready, Set, Apply: Expert Strategies to Power Your Job Search
2:15 PM - 3:15 PM	The Consultant and The Integrator, why a Quality Risk Assessment Is a Necessity	Drones and Airspace Situational Awareness - The Evolving Security Paradigm	Security Whispers, Money Talks: Transforming Access Control from Cost Center to Profit Driver	Effective security project planning in the utilities and energy sector	Cyber Goes Physical: How Cyber Threats Can Disrupt Facilities and Critical Systems	Leveraging Technology Today to Ensure a Safe Ride to the Olympic and Paralympic Games in 2028		Future-Ready Workforce: Trends, Tactics, and Transformation
3:30 PM - 4:30 PM	Aligning Security with Business Priorities: A Roadmap for Practitioners	Gaps in Conventional Protective Intelligence Approaches – Physical Security Risks and How to Mitigate Them	Built to Act: Designing for Autonomous Security Response	One World, One Perimeter: The Convergence of Cyber and Physical Security	Demystifying Cyber for the Physical Security Pro: A Zero-Jargon Session to Secure Your Systems	Deploying Mobile Access: Now It's Time to Discuss the How		

Schedule is subject to change. As of January 29, 2026.

THURSDAY | MARCH 26, 2026

Time	NEW TECHNOLOGY AND AUTOMATION / BUSINESS DEVELOPMENT — Casanova 504	END-USER / WORKPLACE SAFETY AND SCHOOL SECURITY / LEADERSHIP AND DEVELOPMENT — Venetian 308	SECURITY MEGATRENDS — Venetian 303	PHYSICAL SECURITY / STRATEGIC MANAGEMENT — Casanova 502	VIDEO SURVEILLANCE — Casanova 506	UNMANNED SYSTEMS, DRONES, ROBOTICS / DETECTION AND RESPONSE — Venetian 203	ISC EXHIBITOR PRODUCT TRAINING & CASE STUDY SPONSORED SESSIONS — Venetian 102	CAREER ZONE — Exhibit Hall Floor, Booth #1147
8:00 AM - 8:50 AM	Federal Contracting for Security 2026: 'A Change is Gonna Come'. apologies to Sam Cooke	Live, Laugh, Lateral Movement: A Comedy of Exploits	Hiring an Agent: The Growing Role of Agentic AI in Security Solutions		Improving Human Activity Detection from Security Cameras	Security Robotics from Patrol to Platform: Ethics, Ecosystem, and Evolution		
9:00 AM - 10:00 AM	DAY 2 KEYNOTE: SECURING THE FULL SPECTRUM: AI-DRIVEN RESILIENCE IN A CONVERGED SECURITY ERA — MAIN STAGE -VENETIAN BALLROOM F							
10:00 AM - 11:00 AM	7 Ways that Video and Access Control can be used for more than security in the Built Environment	Auditors at the Door: How to Train Staff to Handle First Amendment Challenges	The 2026 Security Megatrends: Your Guide to the Industry's Most Impactful Trends	Reframing Security as a Strategic Investment: Making the Case for GRC-Driven Value	Making Sense of the Cloud: A Practical Roadmap for Security Professionals	When Seconds Count: How Private Response Networks Are Solving the Alarm Industry's 98% False Alarm Crisis		
11:15 AM - 12:15 PM	From Pre-Sales to Power Plays: How Sales Engineers Help Win Deals	How Secured Doors Save Lives: Groundbreaking Research on School-Based Active Shooter Events	The AI Revolution that's Happening Behind your Security Camera: Are you ready?	Artificial Intelligence & Human Resources 101 - Protecting the Company & Employees	How Remote Video Guarding's Revolutionary Crime Prevention Generates High-Dollar RMR	Security Transformed: Empowering People with Robotics and AI		Advocate or Advisor? Mentorship vs. Sponsorship in Action
12:15 PM - 1:00 PM	LUNCH BREAK							
1:00 PM - 2:00 PM	The Remote Guarding Go-To-Market Playbook: Your 90-Day Roadmap to Recurring Revenue	Strengthening Safety in Healthcare: Addressing Workplace Violence with Innovation and Leadership Strategies		How to Specify Lighting for ANPR and LPR Systems	How to Use Agentic AI and Real-Time Intelligence to Mitigate Organizational Risk Across the Enterprise	Designing Layered Detection Systems: Turning Sensor Fusion Strategy into Operational Reality		Re-engaging the Front Lines: Supporting Security Technicians and Technical Teams
2:15 PM - 3:15 PM	Real RMR: Building Scalable & Valuable Revenue Streams for System Integrators	The Director's Playbook: Unlearning Leadership in the Era of AI	From Compliance to Competitive Advantage: Top 10 ESG Trends for the Security Industry	The Evolution of Security Consultants: How New Strategies Benefit Manufacturers, Integrators, and End Users	Private Intelligence as a Service - Spies for Hire	Gladiators of the Sky: The Evolution of sUAS (Drones) and Outdated Physical Security Programs		Re-engaging the Front Lines: Supporting Security Technicians and Technical Teams

Schedule is subject to change. As of January 29, 2026.
